# Parent Testimonies

Liew Yii Foong has got a lot of improvement after he studied in GCC since 4 year old. He likes singing, drawing and he also started to read story books all the time. I am very happy to see his happy face when he is going to school. I wish to see more surprises from him every day. Thank you GCC.

Father of Yii Foong

Parents of Hintz Cheong

Hintz joined GCC when he turned 4. Like other kids, school is something new for him. However, he progressed impressively within the first semester. From mandarin speaking medium he started to communicate with his cousins in English. He expressed himself confidently at the end of the academic year. We are so proud of his achievements too as he was awarded the Best Improved student of his class. Hintz always has a positive attitude towards school which we believe is mainly due to the dedicated teachers and well planned school activities. Thank you GCC.

It was our first time enrolling our son in preschool. We were nervous at first but the teachers and the staffs at Funstation are so incredible that soon they made us feel comfortable. The thing we love most is that the teachers and staff truly care and love my children. We are greeted by such friendly, engaging and nurturing teachers everyday. Noah is becoming more social, disciplined, confident and most definitely more chatty. His teacher, Ms. Shirley takes the time to know Noah's character and addresses his needs accordingly. We are very thankful to have discovered Funstation!

Parents of Noah

Parents of Ka Joon

We love GCC for its extensive teaching materials and thoughtfully-crafted learning environment, its facilities and the general ambience. We know our son is in a safe, loving and stimulating environment. The teachers and friendly staffs takes the time to get to know the child in detail, while also informs parents about it on a regular basis. Ka Joon has really been enjoying all the play-based learning curriculum at GCC that tremendously improved his speech and social skills. He looks forward to school every day despite having to wake up much earlier! Ms Gillan & Ms Deslyn thank you for assisting Ka Joon through his language learning difficulties. We are fortunate that our son is part of GCC.

My 4 year old Frederick studied with GCC for 1/2 a year, and he likes it very much. The teachers are all caring and friendly with everyone. I noticed my child progressed drastically, because of these dedicated teachers. I am grateful for having Character First for enhancing the kid's characteristics in an educational way, combined with an interpersonal skill by the teachers to understand these kids. I feel safe that my child is under the care and guidance of GCC teachers. I believe that the cooperation from the management and education professionals makes GCC the optimum choice for pre-school studies!

Parents of Frederick

Parents of Yee Shevaune

I could not have chosen a better school for them to start their formal education. Never once have my son told that he does not want to go to school as he loves it! I have seen him progressing well not only in studies but also in confidence and interpersonal skills. I am very happy with the system, the environment and most importantly the teachers. They have a great level of dedication and also personal involvement on my son's progress. Their regular feedback on his studies and attitude help us, the parents to guide him accordingly at home.
