# PARENT TESTIMONIES

We enrolled Aiden to GCC since he was 3 years old. From a shy baby boy he has now grown to be a confident, cheerful and helpful child. "It's okay :)", "Never give up!" and "Thank you" are his daily words. At GCC SMC, he has made a lot buddies, learned to be respectful, patient and

independent. Both academic and logical thinking learning through FUN is one of the essences we loved in GCC SMC which we believe he will continue to cherish the good behavior in Primary school. Keep up the good work!

We enrolled Samuel in GCC Jalan Ipoh at the age of 4. We were very concerned because of his delayed speech development. Now 5, he is able to communicate more confidently, expresses himself well and is more obedient and well-behaved. Then we started him in the ASP program and we can already see a lot of improvement in his behaviour, academic development and interaction with people. We are very grateful to GCC Jalan Ipoh teachers for teaching, guiding

We are very happy with Pusat Tuisyen SiManja Canggih. The standards maintained, coupled with attention afforded to students are remarkable. Apart from the academic advancement, development in a very positive manner is vital. We thank the team for the great service provided to Jared and Jasmine.

Caitlyn was very timid especially with strangers when we first sent her to Funstation when she was 2 years old. It took 2 full weeks for her to settle.

Fast forward to 2017, Caitlyn is now 4 years old in GCC Desa Setapak. She is now an active, bubbly and confident little girl. She never fails to entertain us with stories from school every day and she made us learn songs, dances and nursery rhymes too! She thinks the world of her teachers in GCC and we, parents do too. Our utmost gratitude to each and every teacher in GCC for loving and shaping Caitlyn to who she is today!

We were nervous about sending our son to school for the first time. However, the teachers and staffs were awesome! We never had to be anxious or concerned now because we knew he would be safe, happy and loved. Our son made new friends and learned to be independent as well as be part of a group. He is now able to recognize letters and is able to do simple Math and speak a little Mandarin. We will definitely be sending his younger sister in soon!

I sincerely appreciate all the teachers that took care of our kids. I look back at the time when Jo Ee & Hailey joined Fun Station class - with lots of fears and tears. But now, we can see how Fun Station teachers made a great difference in both of them. Teachers taught them discipline, creativity and shower them with love. Now they are positive and patient kids.

Jun E was with GCC since 3. He was quiet and moody but he adapted quickly. We are happy to find GCC as a fun learning school. He puts in effort and is responsible in his studies without pressure. He is very well behaved, well-mannered and does his homework independently.

I'm proud of my son's growing chart. His well-being, patience & character have impressed us. Thank you GCC for an incredible early childhood experience that engages parents and teachers every step of the way. May GCC continue to do amazing works of "heart".
