PARENT TESTIMONIES

We, as parents of Zhe Kai (7) & Jin Wei (3) are happy to come across GCC Sri Rampai and Funstation in 2016. Under the tutelage of the teachers, we have seen our 2 boys grown and excelled. We came across many negative feedbacks that Zhe Kai might not succeed. However, with the help and guidance from Uncle Alex, Auntie Jennie and class teacher Ms Tammy Zhe Kai has shown major improvement in a year and even got the "Best Improvement" award.

18 months ago, our second boy, Jin Wei joined Funstation still in his crawling stage, but within a month he already managed to walk by himself. We see his improvement in his social skills, communication and interaction with others. We are happy that we have made the right decision to join Funstation with a supportive environment and kind teachers for our boy's pre-learning. Thank you.

When it was time to enroll Erynn to Kindergarten, my eldest son insisted that I must enroll her to GCC. He said that he wanted Erynn to enjoy her pre-school years like he did. Indeed, Erynn does enjoy going to GCC. She would tell me how much she loves the school, her teachers and her friends. What I like about GCC is that it promotes a pressure-free environment for my child, monitors her developments and provides feedback to me. I am confident that Erynn will continue to grow to be a happy, caring and responsible girl in the guidance of GCC's teachers. Thank you GCC.

As a parent, I entrust my greatest blessing to the staff and teachers at GCC Sri Gombak every day, and I am grateful for the loving care and guidance my son receives. The teachers look at each child as an individual, with their own strengths and needs. My son has been blessed with awesome teachers who understand his challenges, and handle him with grace. He has learned so much and continues to share with me the great activities that go on each day in school. Special thanks to all the teachers! May they continue to do amazing works of "heart" with the children.

We are truly blessed for a wonderful preschool like Si Manja Canggih for our daughter, Su Eru and Su Eajin. Teachers are always nice and keep a smile on their face. They are constantly encouraging the children and inspiring them to be a better person with love and passion. My daughters have shown a lot of improvement, not only in their studies, but also to become more sensible, responsible and well-mannered children. These are important foundations of life.

I am so impressed with the dedicated group of teachers who never overlook my child's needs and safety. Teachers are always open to feedback and maximizing each child's potential. I am so grateful to Si Manja Canggih. A million thanks to all the teachers, staff and management team.

Being a mom of 3, every school day seems like battle to me with my Primary Five son's over burdening homework, I have very little time to spend with the kids in the evening. Even since Harris attended the tutorial at PTSMC, I have enjoyed more quality time with the kids because Harris's homework is always completed at the center. His teacher has been willing to go the extra mile in her coaching and feedback to parents. She ensures my son understands his homework while completing it. Thank you PTSMC.

GCC is a wonderful school with a team of dedicated, loving and supportive teachers. Nathan is constantly improving in his Mathematics, phonics and has learned a lot of Mandarin. He enjoys going to school and now he is more confident and independent with good social skills.

Thank you to all the teachers that have been guiding and supporting Nathan since the first day he entered school. He has not only improved academically but also in his character. We saw him grow from a shy toddler into a confident and fun loving boy.
